

# DF-35

## Dark Fleet Series

### Soaring above the competition

The DF-35 is a unique chassis – massively convenient, but in a swifter, lighter mid-tower size. It starts with the brilliant white LEDs set in variable-speed, knob-controlled Fleet-Release™ 120 mm access door fans. They open to allow rapid access to the DF-35's 11 total drive bays and two Fleet-Swap™ modular SATA interfaces, in a blacked-out interior with cable routing. Two more SATA bays – one external hot-swappable bay on the front panel for convenience, and another floor-mounted inside for internal SSDs – round out the feature set. With full-tower capability and convenience and swift mid-tower size, the DF-35 is the paradox that performs.

### SPECIFICATION:

- Two Fleet-Release™ access doors open separately for convenient entry to drives
- Top-loaded 2.5" hot swap SATA (SSD-compatible) drive bay
- Two washable fan filters allow for easy cleaning
- Bottom-mounted power supply isolates heat
- CPU cutout for easy installation of CPU coolers
- Cable management compartment organizes cables discreetly
- 11 drive bays
  - Up to 6 x internal 3.5"
  - 3 x external 5.25"
  - 1 x top external 2.5" hot swap SATA drive bay
  - 2 x internal 3.5" Fleet-Swap™ SATA drive bays (position changeable)
  - 1 x internal bottom-mounted 2.5" SSD bay
- Advanced cooling system
  - 1 x top 140 mm TwoCool™ fan
  - 1 x rear white 120 mm TwoCool™ fans with white LED
  - 2 x front variable-speed 120 mm LED fans with white LED
  - 1 x side 120 mm fan for graphics cards (optional)
- 8 expansion slots
- Maximum graphics card size: 11.5" / 292 mm
- Stylish blacked-out interior
- Windowed side panel
- Front ports
  - 2 x USB 2.0
  - Audio (AC'97 and HDA compatible) In and Out
- Motherboards: Mini-ITX, microATX, Standard ATX
- Power supply not included
- Net weight: 15.7 lb / 7.1 kg
- Dimensions: 19.1" (H) x 7.8" (W) x 19.1" (D)  
485 mm (H) x 198 mm (W) x 486 mm (D)

Top 2.5" hot-swap SATA (SSD-compatible) drive bay
